

Limerick Centre February Newsletter

Hello everyone,

This month for our **Cherry Blossom** class we were learning all about Spring, through art activities, sensory play and communications. We made different types of flowers and suncatcher raindrops. We celebrated Valentine's Day and Chinese New Year this month too, making dragon puppets for the year of the Dragon. We made cards for our loved ones and decorated our classroom in hearts!

For our **Heather class** this month we also looked at spring and the growth of flowers and life cycles of animals such as frogs! We had some fun playing with an edible mud tray where we got our farm animals all muddy. We wrote our numbers outside using coloured chalk. We made lovely Valentine's cards for our loved ones and had lots of fun using water play outside with bowls and jugs.

Future News:

We will be celebrating **World Autism Day** on Friday the **22nd of March**. The World Autism Awareness Day 2024 theme is **colour**. We will have cakes sales, a magician and wally the pony will be paying us a special visit. You can celebrate this special day by encouraging your children to express themselves through colour e.g. clothes. Our **Parent Teacher Meetings** will run from the **11th-21st of March**. Our **Easter holidays** this year will be from the **25th to the 29th and 1st to the 5th of April** .

Thank you!
