

Limerick Centre June Newsletter

Hello everyone,

Cherry Blossoms

This month we enjoyed a lot of sun and fun outside, we organised a swimming pool for all the children to enjoy, getting in and splashing about in the water. We also had healthy eating this month, we learnt all about different types of vegetables, painting with them, planting them in sand, and making our own vegetable garden with our hands and feet!

Heathers

For our **Heather class** this month we were learning all about holidays and summer activities and we made our own lollipops with cool designs. We learned about healthy eating and how to bring healthy snacks for trips we might take e.g to the beach/camping. We celebrated our ECCE students with our Preschool graduation where we put on a lovely show for parents by singing and dancing to songs we have learned since last September. We also celebrated Sports day where we had limbo, ring toss, obstacle course and a big race to finish. We also celebrated our last day of ECCE with our children by making rice crispy buns and decorated them with marshmallows to enjoy at home.

Thank you!
